

MEDIA SELECTION GUIDE

The Media Selection Guide helps you select which CELLutions Media will provide maximal cell growth, differentiation, or maintenance of DV Biologic's LifeBANK cells. Custom media production is also available through BIOSource Cell Services.

Epithelial Pro-Conditioned Medium CATALOG N°

Cortical Kidney Epithelial Cells	AU003-F
----------------------------------	---------

Stromal Cellutions Medium CATALOG N°

Adipose Stromal Cells	AA002-F
-----------------------	---------

Adipose Stromal Vascular Fraction (Uncultured)	AA001-F
--	---------

Bone Marrow Mononuclear Cells	AH002-F
-------------------------------	---------

Bone Marrow Stromal Cells	AH005-F
---------------------------	---------

Cardiac Stromal Cells	AC009-F
-----------------------	---------

CD 133+ Bone Marrow Cells	AH004-F
---------------------------	---------

CD34+ Bone Marrow Cells	AH003-F
-------------------------	---------

CD34+ Umbilical Cord Blood Cells	AH012-F
----------------------------------	---------

Endometrial Menstrual Cells	AR007-F
-----------------------------	---------

Kidney Cells (Uncultured)	AU001-F
---------------------------	---------

Male Gonadal Stromal Cells	AR005-F
----------------------------	---------

Peripheral Blood Mononuclear Cells	AH013-F
------------------------------------	---------

Synovial Fluid Cells (Uncultured)	AM013-F
-----------------------------------	---------

Tongue Cells (Uncultured)	AD009-F
---------------------------	---------

Umbilical Cord Blood Mononuclear Cells	AC014-F
--	---------

Wharton's Jelly Stem Cells	AC006-F
----------------------------	---------

Muscle Cellutions Differentiation Medium CATALOG N°

Skeletal Muscle Cells	AM003-F
-----------------------	---------

Skeletal Muscle Cells (Uncultured)	AM001-F
------------------------------------	---------

Skeletal Muscle Progenitor Cells	AM002-F
----------------------------------	---------

Fibroblast Cellutions Medium CATALOG N°

Adrenal Gland Cells	AE010-F
---------------------	---------

Adrenal Gland Cells (Uncultured)	AE006-F
----------------------------------	---------

Chondrocytes	AM006-F
--------------	---------

Kidney Cells	AU017-F
--------------	---------

Kidney Cells (Uncultured)	AU001-F
---------------------------	---------

Kidney Cortex Cells	AU018-F
---------------------	---------

Kidney Cortex Cells (Uncultured)	AU011-F
----------------------------------	---------

Kidney Fibroblasts	AU009-F
--------------------	---------

Kidney Medulla Cells (Uncultured)	AU012-F
-----------------------------------	---------

Muscle Fibroblasts	AM008-F
--------------------	---------

Skin Fibroblasts	AI001-F
------------------	---------

Thyroid Fibroblasts	AE009-F
---------------------	---------

Fibroblast Ceullutions PLUS Medium CATALOG N°

Valvular Interstitial Cells	AC024-F
-----------------------------	---------

Muscle Cellutions Medium CATALOG N°

Skeletal Muscle Progenitor Cells	AM002-F
----------------------------------	---------

Osteoblast Cellutions Medium CATALOG N°

Osteoblast	AM005-F
------------	---------

Umbilical Vein Endothelial Cellutions Medium CATALOG N°

Umbilical Vein Endothelial Cells (HUVEC)	AC005-F
--	---------

Cardiac Cellutions Medium CATALOG N°

Cardiac Progenitor Cells	AC015-F
--------------------------	---------

Cardiac Stromal Cells	AC009-F
-----------------------	---------

Cardiomyocyte Cellutions Differentiation Medium CATALOG N°

Cardiac Progenitor Cells	AC015-F
--------------------------	---------

Cardiomyocyte Cellutions Maintenance Medium CATALOG N°

Cardiomyocytes	AC008-F
----------------	---------
